CUTTING EDGE MINISTRIES RECEIVES GRANT FROM THE MOSAIC COMPANY

Zolfo Springs, Fla.- Cutting Edge Ministries, a hunger relief ministry of Hardee County, unveiled their new refrigerator food truck they received through a grant from The Mosaic Company. The 24 foot refrigerated truck will increase food distributions and help provide fresh produce and nutritious food for families in need around Hardee County.

"We are grateful that Mosaic is dedicated to supporting hunger relief efforts, enabling us to distribute more food to the families that are in need." said Pastor Wendell Smith, Director of Cutting Edge Ministries.

The truck was dedicated on Tuesday at a Cutting Edge food packing event in conjunction with Agape Food Bank for more than 200 families. The ministry plans to put the truck to good use by distributing to an average of 800 families per month. Cutting Edge also performs health screenings when available and distributes personal care products to families. They continue to distribute more fresh produce through a partnership with the Florida Association of Food Banks and Agape Food Bank to transport fresh fruits and vegetables.

"We are pleased to align funding with organizations that provide food to those who need it most," said David Huth, South Pasture Mine Manager with Mosaic. "We applaud Cutting Edge and their local partners for supporting hunger relief and making sure families have access to food in our community."

About Cutting Edge Ministries

To assist low income families, individuals and those in emergency circumstances with food and personal care products within the community throughout Hardee County. Founded in 2001, they serve an average of 800 + families/individuals per month.

About The Mosaic Company and The Mosaic Company Foundation

The Mosaic Company is the world's leading combined producer and marketer of concentrated phosphate and potash, two essential crop nutrients. Driven by its mission to help the world grow the food it needs, Mosaic is committed to strengthening global food security and protecting critical water resources. The Mosaic Company and The Mosaic Company Foundation make investments in and partner with best-of-class leaders in the focus areas of food, water and local community investments. More information about Mosaic is available at www.mosaicco.com.
