

Giving back to our
communities is

our job

J.P. Machek, Superintendent of Continuous Improvement
South Fort Meade Mine, Polk & Hardee counties

As a Polk County resident and a superintendent at Mosaic's South Fort Meade Mine, I help ensure we produce top-quality phosphate crop nutrients for our farmers in America and all over the world. At Mosaic, we're proud to share our passion for agriculture and environmental stewardship with the next generation. In fact, I'm a third-generation Floridian and one of hundreds of Mosaic employees who volunteer annually — whether it's at Agri-Fest, Junior Achievement or backpack food-packing events. For me, giving back is more than a job. It's about nourishing the communities where we all live, work and play.

We help the world grow the food it needs.
