

Giving back to our
communities is

our job

Kenny Miller, Assistant General Manager
Four Corners Mine, Florida

As a longtime Hardee County resident and manager at Mosaic, I know that our employees are committed to the communities where we all live, work and play. We work not only to produce essential phosphate crop nutrients, but also to reclaim the land, conserve our water and practice good stewardship of our natural resources. That's why it's gratifying to see post-mined lands like Hardee Lakes Park being used for recreation, festivals and local events. Helping feed the world takes root here in Hardee County. That's something we can all be proud of.

We help the world grow the food it needs.
