

Giving back to our
communities is

our job

Mike Bennett, Supply Chain Operator
Florida phosphate operations

As an operator in Mosaic's supply chain team, I help ensure our phosphate crop nutrients get to farmers in America and all over the world. At Mosaic, we share our passion for agriculture and environmental stewardship with the next generation of local farmers and ranchers. In fact, I'm one of hundreds of Mosaic employees who volunteer annually with youth agriculture organizations and at county fairs. For me, giving back is more than a job. It's about nourishing the communities where we all live, work and play.

We help the world grow the food it needs.
